

**GREATER COMMUNITY
TEMPLE COGIC**
BISHOP BRANDON B. PORTER, SENIOR PASTOR

Greater Community Temple COGIC Pandemic Protocol Worship Service Guidelines

Purpose

Greater Community Temple's goal is to minimize exposure by completing an approved COVID-19 temperature and questionnaire screening of everyone before entering the facilities and implementing re-opening safety measures for your health and well-being during worship services. Greater Community Temple (GCT) is taking every precaution by following the CDC and local government guidelines to ensure a safe, secure, and socially spacious worship experience at each Campus.

"Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth" (3 John 1:2).

Seniors, those with compromised immune systems, and anyone uncomfortable with assembling are encouraged to worship with GCT online via Facebook, YouTube, or on www.gctministries.org.

Health Team and Volunteers

Our Pastor has created a Health Advisory Team consisting of trusted healthcare professionals and leaders, first responders, and ministry leaders who are monitoring COVID-19 risks and impact and are able to communicate effectively. The Health Team has a vested interest in the success of safely preventing COVID-19 spread and exposure at Greater Community Temple.

The Ministry of Helps and Volunteers are solicited to assist with implementing the Pandemic Protocols for each worship service held on both GCT campuses. Wearing masks and gloves are required.

Greater Community Temple COGIC

Pandemic Protocol

Worship Service Guidelines

Communication

Communication strategies have been implemented to communicate the Pandemic Protocols using:

1. Radio & TV broadcasting
2. GCT Social Media Posts
3. Robo Calls
4. Text & Broadcasting Messaging
5. Hashtag: #WeAreGCT
6. PSAs during worship services

Cleaning and Disinfecting

The Cleaning staff will clean and disinfect all areas such as bathrooms, common areas, shared electronic equipment (i.e. credit card devices, mics, keyboards, mice, screens), door handles, light switches, podiums, etc., focusing on frequently touched surfaces.

1. The cleaning staff and other volunteers should clean their hands often, including after removing gloves.
2. Approved cleaners and disinfectants are ordered in bulk and stored accordingly for easy access.
3. Each church will be cleaned and closed one day before worship services. This will allow COVID-19 screening to be conducted before entering the church on worship service days.
4. Seating will be sanitized before and after each service by following CDC guidelines.
5. Restrooms will be sanitized before and after each service and monitored for the duration.
6. The podium and mics will be sanitized accordingly.
7. Disinfectant wipes and spray, masks, and gloves will be provided in the pulpit area during worship services.

Greater Community Temple COGIC

Pandemic Protocol

Worship Service Guidelines

Protocol Equipment and Supplies Needed

The following items are needed to implement the pandemic protocol and conduct screenings appropriately:

1. Masks (mandatory—without exception; must cover the nose and mouth)
2. Gloves
3. Face Shields (with masks)/PPEs (when appropriate)
4. IR Thermometers (2-4 and Touchless)
5. AAA Batteries
6. Hand Sanitizer (touchless if possible, available in the screening area and inside the church and sanctuary in designated areas)
7. Disinfectant Wipes and Spray
8. Cleaning Supplies
9. COVID-19 Protocol Basket
 - a. COVID-19 Protocol Binder (one per screener)
 - i. GCT Pandemic Protocol Guidelines
 - ii. COVID-19 Questionnaire
 - iii. COVID-19 log sheets and pen (log information from individuals cleared and responding “Yes” to the screening questionnaire)
 - iv. Tally Counter (number of individuals entering the church)
 - v. All signs posted in the church
10. Screening complete indicator (i.e. colored stickers - indicates screening completed and the individual is cleared to enter the church)
11. Healthcare items available as needed for other health-related indicators (i.e. possible blood pressure issue)
12. Tables (2-4 to create the screening zone)
13. Table Covers
14. Ability to cover seating, mark seating/area, and flip or remove seating from the sanctuary for appropriate 6-foot social distancing
15. Ability to prop doors open for touchless entry and exit (door stops if needed)

Greater Community Temple COGIC

Pandemic Protocol

Worship Service Guidelines

16. 6-foot Markers (designates 6-foot during standing lines, etc. (i.e. signs, duct or painter's tape, colored stickers, etc.))
17. Signs (clear and concise indicating screening area, entrance, exit, social distancing, restroom, hand washing, and mask requirements)
18. Control Block Posts (block areas of the church to eliminate foot traffic)
19. Communication Devices (i.e. walkie-talkie - communicate between the logistical, sanctuary, and healthcare leads, security and ministry designated leads regarding capacity limits, security, etc.)

Note - All items directly related to the COVID-19 screening area will be stored in the COVID-19 Protocol Basket and locked in the healthcare room when not in use. Extra equipment not used for worship services are placed in designated areas.

Protocol Personnel Needed

The following personnel is required to be on campus to conduct COVID-19 screening appropriately and implement the Pandemic Protocol effectively:

1. Security Ministry
2. GCT Staff (Admin and Cleaning)
3. Deacon Ministry
4. Ministry of Helps
 - a. Healthcare
 - b. Ushers
 - c. Greeters
5. Volunteers (number needed will depend on church size)

Worship Service Guidelines

Church and Sanctuary Precautions

The following are approved by our Pastor to provide additional safety precautions for all worship services on campus:

1. Wearing a mask is mandatory—without exception. It must cover your nose and mouth. It can be disposable or cloth; a scarf that functions as a mask is acceptable. A shield is acceptable with a mask.
2. All Departments and Volunteers participating in the process of the Worship Service will follow the early morning screening protocol and enter through the screening area to be screened before entering the church. Masks and gloves are required, exceptions are listed.
 - a. Mic speakers are not required to wear a mask only when speaking at the mic, at this time.
 - b. Praise and Worship Teams are not required to wear masks when singing on the mic, at this time.
 - c. Praise and Worship Teams are not required to wear gloves when using a mic stand. Mic stands are placed 6-feet or more apart.
 - d. Choir Members will use an extra two to four feet for social distancing and stand staggered without anyone directly behind another while singing.
 - e. Choir Members are not required to wear gloves while singing, however, hand-held mic singers are required to wear gloves.
 - f. Musical Guests in the services are currently not active.
 - g. Musicians are not required to wear gloves only when performing in the musician area, at this time.
 - h. Adjutants are required to wear clean gloves at all times when performing service related duties for the Pastor and First Lady.
 - i. Pulpit Aids are currently not active.
3. Some areas of the church will be closed to minimize foot-traffic.
4. Offering envelopes will be on each marked seat before service.

Greater Community Temple COGIC

Pandemic Protocol

Worship Service Guidelines

5. The offering will not be passed on the row as normal. The offering will be dropped in the offering baskets located at the front of the sanctuary and each exit door after the dismissal.
6. Communion (when applicable) will be available when entering the church.
7. Seating will be in accord with guidelines to sit 6-feet apart (families who come together may sit together).
8. Seating will be sanitized before and after each service by following CDC guidelines.
9. Meet and Greet segments of the worship service will not be conducted at this time.
10. Currently, alter call will not be conducted but is at the Pastor's discretion.
11. Restrooms will be sanitized before and after each service and monitored for the duration. Social distancing should be used by occupants.
12. A mask will be provided if you did not bring your own.

Protocol Prep Procedures

1. One week before the implementation - Schedule a Zoom meeting.
2. The week of the Protocol implementation - Schedule a live walk-thru.
3. 1-2 days before any worship service, an Admin staff member will:
 - a. Review and check to ensure all equipment and supplies are ready and available at the main entry doors.
 - b. Verify all signage is appropriate.
 - c. Test all thermometers and replace batteries if needed.
 - d. Place Offering envelopes on the designated seats.
 - e. Confirm required personnel are ready for their post and are clear on all instructions and protocols.
 - f. One thermometer is given to the lead ministry worker to complete an initial screening before entering the church on worship service days.
4. One day before worship services, the Cleaning staff will:
 - a. Clean and disinfect the church according to the cleaning guidelines implemented.

Greater Community Temple COGIC

Pandemic Protocol

Worship Service Guidelines

- b. Lock the church until Worship Service day. Other than an emergency, no one should enter the church until a GCT COVID-19 screening is complete.
5. The day of worship service, the assigned Security, Lead Ministry, and Logistics personnel will arrive early to:
 - a. Conduct a COVID-19 screening and temperature check for each other as trained.
 - b. Unlock the main church/ramp side doors only and prop open.
 - c. Place the corner signs outside in the screening area.
 - d. Move the covered tables to the designated screening area at the screening entrance as implemented.
 - e. Place the COVID-19 Protocol Baskets on the tables.

GCT COVID-19 Screening Process

The GCT COVID-19 Screening Process was created based on information from the CDC website, the Memphis COVID-19 Task Force, the Heath Team, Advisors, GCT Leaders, and research.

Screening is required for everyone before entering the church for worship service.

All persons will be screened individually unless assistance is due to a medical or handicap need.

1. GCT Staff Members, Musicians, Praise and Worship Teams, Choir, and Ministry Volunteers must arrive early to be screened.
 - a. East - by 7:30 am or North - by 10:50 am
 - b. Wear a mask that covers the nose and mouth
 - c. Wear gloves
 - d. After completing and clearing the screening process, proceed to assigned areas to prepare for service
 - e. Use Social Distancing

Greater Community Temple COGIC

Pandemic Protocol

Worship Service Guidelines

3. Persons attending worship services at GCT can expect to arrive early for screening before entering the church.
 - a. East - Screening begins at 8:30 am
 - b. North - Screening begins at 11:30 am
 - c. Wear a mask that covers the nose and mouth
 - d. Answer CDC questions
 - e. Get temperature checked
 - f. Sanitize hands upon entry
 - g. Follow directions from GCT greeters and ushers to be seated in the sanctuary, give offering, and to be dismissed
4. When arriving at GCT, expect to maintain 6-foot distance at all times.
5. A volunteer will direct to the screening area.
 - a. Persons being screened must understand and verbally answer “Yes” or “No” to the five screening questions based on the last 14 days:
 - i. Have you been in close contact with a confirmed case of COVID-19?
 - ii. Are you experiencing a cough, shortness of breath, or sore throat?
 - iii. Have you had a fever (over 99 degrees Fahrenheit) in the last 48 hours?
 - iv. Have you had new loss of taste or smell?
 - v. Have you had vomiting or diarrhea in the last 24 hours?
 - b. If answering “Yes” to any question above, you will be asked to seek medical attention and testing, self-quarantine, and continue to worship online.
 - c. Your temperature will be checked (“No” to all questions).
 - d. A green sticker will be applied once cleared to enter the church.
 - e. Hand Sanitizer will be available.
6. Offering envelopes will be on the marked seat before service.
7. Communion (when applicable) will be available when entering the church.
8. Restrooms will be designated with signage.
9. All doors will be open after dismissal to allow for quick exiting.

Greater Community Temple COGIC

Pandemic Protocol

Worship Service Guidelines

Guidance for Screeners

Each screening site should have two screeners at a minimum.

The screening site should be configured to ensure 6-feet of separation between the screeners and persons entering the church.

1. Screeners should be instructed on the following:
 - a. Information contained in this document
 - b. Questions and instructions on the COVID-19 questionnaire
 - c. Screeners must wear a mask that covers both nose and mouth and gloves at all times
 - d. Instructions for those who answer “Yes” and cannot enter the church (as indicated on the screening questionnaire)
 - e. The Security and Logistics contacts of the day
 - f. Communicate with the Healthcare Lead for the *Code* of the day
2. Before beginning a screening post, each screener should ensure they are feeling fit and complete a COVID-19 pandemic screening.
3. Screeners should avoid physical contact with persons entering the screening area.
4. Screeners should ensure their screening station and the surrounding area, including commonly touched surfaces, are regularly cleaned/disinfected.
5. Gloves should be worn for the duration of a post as long as screeners do not touch others or personal items, and the gloves are not damaged.
6. A used PPE may be wrapped and disposed of in the trash when no longer needed or no longer serviceable.
7. Individual screeners can re-use a PPE if standing multiple worship services during the same day as long as it does not become soiled or damaged and is stored in a paper bag and a safe location during the off-post period(s).
8. Screening is required for all individuals before entering the church for worship service.

Greater Community Temple COGIC

Pandemic Protocol

Worship Service Guidelines

9. All persons will be screened individually unless assistance is needed due to a medical or handicap need.
10. Ensure those waiting to enter the building or be screened use the 6-foot distancing.
11. Screeners shall request responses to the five questions from each person entering the screening area.
12. Screeners will confirm that each person's response to all five questions is "No".
13. Screeners will log the information of individuals who respond "Yes" to any question and direct them to seek medical attention and testing, self-quarantine, and continue to worship online.
14. Screeners will use the IR thermometer to scan the temperature of all individuals who respond "No" to all questions on the questionnaire.
15. Screeners will ensure they do not touch individuals or their possessions when taking their temperature. If a screener inadvertently touches other persons or their items, they should discard their gloves, clean their hands with hand sanitizer, and don another pair of gloves before continuing with additional screenings.
16. Screeners will log the name of each individual cleared to enter the church, their normal temperature, and phone number in case contact tracing is required.
17. Screeners will write the code of the day on the sticker. With one finger, the screeners will gently place a sticker on the left lapel and clear for entry if the individuals' temperature is below 100F.
18. Screeners or designated individuals will use the tally counter to count each individual.
19. Screeners will not clear for entry those individuals whose temperature is 100 degrees Fahrenheit or higher. Individuals with high temperatures may elect to stand aside for 10 minutes and undergo a second temperature check.

Greater Community Temple COGIC

Pandemic Protocol

Worship Service Guidelines

20. Screeners will rescreen individuals whose temperature registers below 96 degrees Fahrenheit as this is likely a false reading due to operator error or problems with the thermometer.
21. A spare thermometer is available if needed. Notify the healthcare or logistic lead if any thermometer is consistently inaccurate or becomes non-operational.
22. Total counts will be sent to the healthcare text group at the end of each service, then it is reported to the Pastor and any others as required.
23. Screeners will contact the healthcare or logistic lead if they have any questions.

Note: High outside air temperatures can elevate an individual's body temperature. Standing aside in a shaded or cool area will provide an opportunity for their temperature to return to normal operating procedures for the thermometer.
